## Transfer between the airport and the hotels

---

Asturias Airport is situated some 40 km from the city of Gijón. Of course, there are bus and taxi services.

The most practical option is to take a taxi. The average fare between the airport and hotel district is approximately €50. The average journey time (depending on traffic conditions) is about 30 minutes.

If necessary, we can provide you with the telephone numbers of two taxi firms for your journeys in Gijón:

- Radio Taxi Jovellanos: + (34) 985 16 44 44
- Radio Taxi Gijón: + (34) 985 14 11 11
