for Sustainable Development

We are pleased to invite you to participate in the **III Summit of Regions on Climate Change** to be held in Montevideo, Uruguay, April, from 20th to 22nd 2010.

As you know, the consequences of climate change affect everyone in the world, particularly the poorest social sectors, as well as natural resources and areas of development such as farming and health.

With this event, we will contribute in the process of finding solutions to this problem. Looking forward to welcoming you in our country. Yours faithfully.
